***Allowable Subject Matter***

1. Claims 1, 4-10 and 13-18 are allowed.

2. The following is an examiner's statement of reasons for allowance:

A substrate with the top and bottom surfaces entirely covered with a layer, kept at ground potential, except a narrow periphery around the pads or a circuit part in combination with conductive elements connecting top and bottom main surfaces and covering the entire side surfaces, has not been taught or suggested by prior art alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 4-7 and 13-16 are directly or indirectly depending from and include all the limitations of claims 1 and 10 respectively. As both the claims 1 and 10 are in allowable condition, claims 4-7 and 13-16, previously withdrawn from consideration as a result of restriction requirement, are now subject to being rejoined. Claims 4-7 and 13-16 are hereby rejoined and fully examined for patentability
